

# Financial and Business Solutions (FBS)

## Application Newsletter

We at CompuCom FBS are committed to supporting our Mosaic OA product line and our clients, and would like to provide you some updates!

It's been another busy and exciting year!

CompuCom FBS has been actively working with our clients to get them upgraded to Microsoft® Windows 10. As most of you are aware Windows 7 mainstream support came to an end this year. This means it's time to start planning your move to a supported Windows version (e.g. Windows 10).

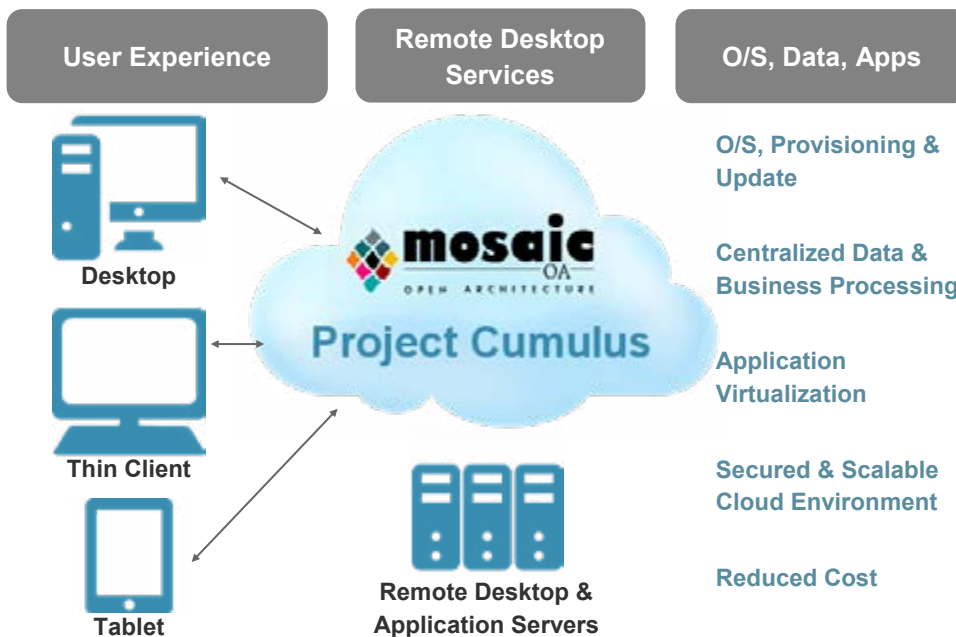

## What's happening in the Mosaic OA® World?

This year we are focused on "PROJECT CUMULUS". Project Cumulus is our Mosaic OA application running in the cloud.

Moving Mosaic OA to the cloud provides centralized application and data management, significantly reduced maintenance costs, increased security and expanded client platform options. Contact us about how to move your Mosaic OA implementation to the cloud.

**COMING SOON**

**Qualification of Mosaic OA with Windows Server 2016**

**CompuCom®**

## New for 2017

Our latest version of Mosaic OA™ is qualified for:

- Windows 8.1 & Windows 10 Enterprise (64 bit)
- Windows Server 2012 R2
- MS SQL 2016
- Mosaic OA in the cloud

CompuCom continues to enhance Mosaic OA to meet our customers' business needs. Our Mosaic OA base application has rich features that can be added to your custom solution:

- Customized Screen Resizing
- Consumer Lending
- New Accounts
- Cash Dispenser/Recycler
- Mosaic OA with Oracle and MS SQL

FBS specializes in high-availability, enterprise-class software solutions for organizations like yours. Our software and platform engineers have vast experience designing and integrating leading-edge cloud and legacy technologies. With our professional services staff and development facilities, we can provide you with a complete systems-development life cycle.
